

Won-nyung LEE

YEAR OF PRACTICE

- 2000 ~ Present

EDUCATIONAL BACKGROUND

- Inha University, MS in Electronic Engineering (2004)
- Inha University, BS in Oceanography (1993)

ADMISSIONS / AFFILIATIONS

- Admitted to Patent Bar (2000)
- KPAA (Korean Patent Attorneys Association)
- APAA (Asian Patent Attorney Association)
- NIPA (Nippon IP Association)

TECHNICAL EXPERTISE

- Semiconductors, semiconductor inspection devices, semiconductor transport devices
- Rotating electric machines, crane driving devices, machine tools, abrasives
- Hydroelectric turbine devices, tidal power generation and measuring devices, coastal submarine structures, etc.

CONTACT

- Tel: 02-6714-1096
- Email: lwn085@nampat.co.kr
- Language: Korean/ Japanese/ English

PROFESSIONAL EXPERIENCE

- Consulting on prosecution strategy and creating a specification for companies
- Handling domestic/international/PCT applications and OA for patents & utility models
- Handling domestic/international applications and OA for designs
- Handling a patent infringement, negotiation and licensing for semiconductor devices
- Handling patent infringement investigation, opposition, invalidation trials, and trials to confirm scope of right on Automated Guide-way Vehicle
- Handling invalidation trial of patents regarding patent of mobile vibrating motor
- Handling a patent analysis and infringement trial regarding processing device for machine tool
- Consulting on asset evaluation and technological enhancement of domestic university patent technology
- Performing R&D on the commercialization of technology for tidal stream power generation

OTHERS

- Adjunct professor of Engineering Innovation Center of Inha University
- Judge for Technology Commercialization Group of KIOST (Korea Institute of Ocean Science and Technology)
- Judge for Start-up Support Center of Korea National University of Transportation
- Lecturer of Patent Research Group for Kansai Region, Japan
